6 Holsteins Shakes and Buns

Check out the Bam-Boozled Shakes section on the menu at Holsteins for eleven different options of boozy milkshakes. There's even a vegan milkshake, the Vegan Coconut Sorbet, created with raspberries, Skyy raspberry vodka, toasted coconut vodka, toasted coconut marshmallow and soy whipped topping. If you don't have any dietary restrictions, the Drunken Monkey, made with Reese's, bananas, malt, and hazelnut liqueur is always popular.
